Product description

Self-adhesive lead foil 1 mm for X-ray shielding

Self-adhesive lead foil with a Pb layer of 1 mm is designed for quick installation on doors, walls, technical housings and shielding details. The adhesive backing helps position the material and reduces installation time.

The product is used in X-ray rooms, diagnostic areas, technical shielding and sealing points where a flexible lead layer is required.

- lead foil with adhesive backing;
- application: X-ray shielding, sealing and technical protection;
- format: 1 m2;
- recommended for professional radiation protection projects.
